U.S. Agricultural Trade Update

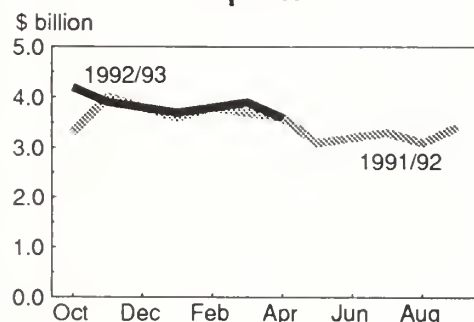

Economic Research Service
U.S. Department of Agriculture

June 21, 1993

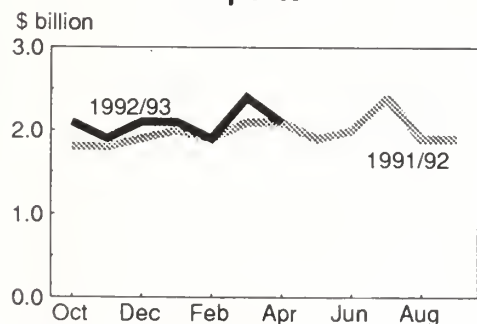

Trade Surplus

Exports

Imports

Trade Surplus Steady - April's agricultural trade surplus totaled \$1.5 billion, virtually the same as the previous month. The surplus was about \$50 million less than April 1992, and the cumulative surplus for October 1992 to April 1993 totaled \$12.2 billion, unchanged from a year earlier (table 3).

Exports Drop - Exports declined to \$3.6 billion, and were 2 percent lower than a year earlier, due largely to a seasonal drop in oilseed exports. Meat exports were unchanged from the previous month, but were 6 percent higher than April 1992. Dairy exports continued strong because of increased nonfat dry milk sales under the Dairy Export Incentive Program and larger food aid shipments to Eastern European countries and the former Soviet Union (FSU). Vegetable exports reached a record high in value terms for the second month in a row. October-April exports were 2 percent higher than last year at \$26.8 billion.

Wheat exports rose to 3.5 million tons, 9 percent larger than April 1992. Exports totaled over 520,000 tons to the FSU, and over 360,000 tons to China. Shipments to the FSU and China for October-April totaled about 4.3 million tons, 44 percent below the same period last year, but this decline was partially offset by increased shipments to India, Morocco, Nigeria, and South Africa. In April, 387,000 tons were exported to Egypt, 305,000 tons to Morocco, and 280,000 tons to Japan. Wheat exports for October-April totaled almost 22.5 million tons, 2 percent less than a year earlier.

Corn exports advanced to 3.9 million tons, 7 percent larger than last April. Sales totaled 1.4 million tons to Japan, 430,000 tons to Taiwan, and 185,000 tons to Poland. Exports to the FSU totaled 820,000 tons, rebounding from a sharp drop over the past 3 months due to credit problems. Corn exports for October-April totaled 27.4 million tons, 19 percent larger than a year earlier.

Soybean shipments declined to 1.3 million tons, as overseas buyers shifted to Southern Hemisphere suppliers. Soybean shipments to Japan rose to

395,000 tons, and increased sharply to Mexico at 216,000 tons. Exports to the EC, Taiwan, and Korea declined. October-April soybean exports totaled 15.7 million tons, 11 percent above a year ago.

Grain *sorghum* increased to 885,000 tons, the largest shipments of the fiscal year. Exports to Mexico rose to nearly 690,000 tons, but were lower this fiscal year compared to last year. Shipments to Japan declined to 122,000 tons, but were ahead for the fiscal year. October-April exports were 5 million tons, 8 percent less than last year.

Cotton exports dropped to 117,000 tons, 18 percent below last April, as shipments declined to most markets. Exports totaled 18,000 tons to Japan, and 17,000 tons to Korea. October-April exports were 754,000 tons, 28 percent less than a year earlier.

Imports Down - April imports declined to \$2.1 billion, and were 1 percent less than last year. Beef imports were down sharply from a year earlier, but pork shipments gained 11 percent. Cattle imports continued to advance. Wheat imports slowed in April, but were about 60 percent larger than last year for the October-April period. Shipments of fruit, juice, and tree nuts were lower than April 1992, but fresh vegetables gained, specifically broccoli and cauliflower and potatoes. Most noncompetitive imports declined in April. Imports for October-April totaled \$14.6 billion, 4 percent higher than last year. (Joel Greene, 202-219-0822)

FY 1993 Forecast Update - Exports are forecast at \$42.5 billion, and imports at \$25 billion for FY 1993 (table 4). Exports are projected to rise above 1992 to the EC (\$7.6 billion), Mexico (\$4 billion), and Canada (\$5 billion). Exports to Japan, the largest U.S. agricultural market in FY 1992, are expected to decline \$300 million to \$8.1 billion. Declines of \$800 million to the former Soviet Union, and \$300 million to China are expected in FY 1993. U.S. imports are projected to increase from the EC, Mexico, and Canada.
